INDEPENDENT AUDITOR'S REPORT

To the House of Assembly, the Governor and the Senate

Report on the Financial Statements

I have audited the accompanying financial statements of the Consolidated Fund of the Government of Bermuda, which comprise the statement of financial position as at March 31, 2011, and the statements of operations and accumulated deficit, change in net debt and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with public sector accounting principles generally accepted in Bermuda and Canada, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in Bermuda and Canada. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Basis for Qualified Opinion

I qualified my auditor's opinion on the financial statements of the Consolidated Fund for the year ended March 31, 2010, on the basis of serious deficiencies in internal control over the management of various capital development projects. These deficiencies led me to question the appropriateness of certain transactions and the underlying value of tangible capital assets as at March 31, 2010. As a consequence of last year's qualification, and without the benefit of an independent professional valuation, I am still unable to determine whether adjustments might be necessary to tangible capital assets and accumulated deficit as at March 31, 2011.

Qualified Opinion

In my opinion, except for the effect of adjustments which I might have determined necessary had I been able to satisfy myself with respect to the balances of tangible capital assets, assets under construction and accumulated deficit referred to in the preceding paragraph, the financial statements present fairly, in all material respects, the financial position of the Consolidated Fund of the Government of Bermuda as at March 31, 2011, and the results of its operations, the changes in its net debt, and its cash flows for the year then ended in accordance with public sector accounting standards generally accepted in Bermuda and Canada.

Other matter

As permitted by Section 6 of the Audit Act 1990, I may include in my auditor's report any other comments arising out of the accounts that I consider appropriate.

I wish to draw attention to the increased incidences of non-compliance with the Government of Bermuda's Financial Instructions which form the standard for financial controls of the Government. Although these incidences of non-compliance did not lead me to qualify my audit opinion for the current year, it is important that the Government adhere to its internal control framework.

Usefulness of these Financial Statements is Limited

As described in Note 2, these financial statements represent the financial transactions of the Consolidated Fund and have been prepared primarily to provide accountability for the financial resources appropriated by the Legislature of Bermuda. These financial statements are not summary financial statements of the Government of Bermuda. Significant financial activities of the Government occur outside the Consolidated Fund. As such, the financial statements of the Consolidated Fund for the year ended March 31, 2011 do not represent the full nature and extent of the overall financial affairs and resources of the Government of Bermuda.

Hamilton, Bermuda

Heather A. Jacobs Matthews, JP, FCA, CFE
Auditor General

GOVERNMENT OF BERMUDA

Ministry of Finance

**Government of Bermuda
Consolidated Fund
Statement of Responsibility for the Financial Statements
March 31, 2011**

The Accountant General, subject to the general direction and control of the Minister of Finance, is responsible for the preparation of the financial statements of the Consolidated Fund.

The financial statements of the Consolidated Fund are prepared by the Accountant General in accordance with the requirements of governing legislation. The financial statements are based upon information provided by Government departments and, where necessary, information is based upon best estimates and judgement.

In order to fulfill accounting and reporting responsibilities, the Accountant General maintains systems of financial management and internal control to provide reasonable assurance that transactions are properly authorised by the Legislature, executed in accordance with prescribed regulations and properly recorded to maintain accountability of public money and safeguard the assets and properties under Government administration.

The audited financial statements are tabled before the Legislature annually and are referred to the Public Accounts Committee, which reports to the Legislature on the results of its examination together with any recommendations it may have with respect to the financial statements and accompanying audit opinion.

On behalf of the Government of Bermuda.

Anthony Manders, CGA
Acting Financial Secretary
Ministry of Finance

Government of Bermuda – Consolidated Fund
Notes to the Financial Statements
March 31, 2011

1. Authority

The Consolidated Fund (the “Fund”) operates under the authority of the Bermuda Constitution Order 1968 and amendments, and the Public Treasury (Administration and Payments) Act 1969 and amendments.

All public money is paid into the Fund and legislative authority must be obtained for any expenditure out of the Fund.

The Legislature provides authority to make payments out of the Fund in annual Appropriation Acts, Supplementary Estimates and other statutes. Unused spending authority for current account appropriations lapses at the end of the fiscal year. Unused spending authority for uncompleted capital projects is carried forward to subsequent fiscal years, subject to the approval of the Minister of Finance.

2. Reporting Entity

The Fund’s financial statements report the financial position, results of operations, change in net debt and cash flow resulting from the activities of the Fund only, which comprise the accounts of the Senate, the House of Assembly, all Government departments and offices (including the Public Service Commission) and all courts. The Fund is established and defined pursuant to section 94 of the Bermuda Constitution Order 1968.

These financial statements are not summary consolidated financial statements of the Bermuda Government. Separate audited financial statements are prepared for all other Government organizations.

These financial statements are prepared in accordance with the legislative requirements as outlined in sections 5 and 32A of the Public Treasury (Administration and Payments) Act 1969 and amendments.

The Government adheres to the general practice of using a Consolidated Fund as its general operating fund. Schedules 10 to 14 provide information concerning the operations, tangible capital assets and capital expenses of individual Government departments and funds and agencies comprising the Fund.

3. Summary of Significant Accounting Policies

The recommendations of the Public Sector Accounting Board and the Accounting Standards Board of the Canadian Institute of Chartered Accountants (which are promoted by the Institute of Chartered Accountants of Bermuda by signed agreement and therefore generally accepted in Bermuda) are the source for the disclosure basis of accounting.

The preparation of financial statements in accordance with the disclosed basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues earned and expenses incurred during the year. Actual results could differ from these estimates.

3. Summary of Significant Accounting Policies (cont'd)

The significant accounting policies are as follows:

(a) Method

The financial statements are prepared on the accrual basis of accounting.

(b) Revenue

Revenues are accounted for in the fiscal year in which the transactions or events occurred that gave rise to the revenues.

Revenues not practicably measurable until cash is received are accounted for upon receipt.

Amounts received or receivable prior to the end of the year, which relate to revenues that will be earned in a subsequent fiscal year, are reported as deferred revenue.

(c) Expenses

Expenses are accounted for in the fiscal year that goods and services are acquired, a liability is incurred or grant payments are due.

Contributions to Government funds and agencies are expensed in the year the expenditure is made.

Classification of expenses between current account items and capital account items follows the classification in the Approved Estimates.

(d) Interdepartmental Revenues and Expenses

Interdepartmental revenues and expenses are not eliminated but have been identified as explained in Note 14(c).

(e) Financial Assets

Financial assets are resources that can be used to discharge existing liabilities or finance future operations. They include cash and cash equivalents, accounts receivable, amounts due from Government funds and agencies, long-term receivables and investment in QUANGO.

Accounts receivable are recorded at cost. A valuation allowance is recorded when collection of the receivable is considered doubtful.

Long-term receivables are recorded at unamortized cost.

Investment in QUANGO is recorded at cost.

3. Summary of Significant Accounting Policies (cont'd)

(f) Non-Financial Assets

Non-Financial assets are resources that are employed for future services. They include tangible capital assets, assets under construction, inventories for consumption and prepaid expenses. The costs of acquiring land, buildings, equipment and other capital property are capitalized as tangible capital assets and are amortized over the estimated useful lives of the assets. Where original acquisition documents were difficult to retrieve, the Book Value Calculator (“BVC”), developed by the Chief Appraiser of Public Works and Government Services Canada (as modified by them to address the Bermuda Government situation), was used to establish reasonable estimates of the Net Book Values in order to develop opening balances.

Other tangible capital assets that do not meet the minimum threshold requirements for their respective asset class have continued to be charged to capital expenses in the year of purchase, which is consistent with prior years. These expenses are currently classified as capital development and capital acquisition expenses on the Statement of Operations and Accumulated Deficit. Included in the capital development and capital acquisition expenses are other significant items: capital grants, repairs and maintenance, professional fees and other items which are expensed as they are incurred. Tangible capital assets that have not yet been disclosed include historical treasures.

Amortization is recorded on a straight-line basis for all assets, according to the following:

Buildings	2- 40 years
Leasehold Improvements	Remaining life or lease period of the related asset
Betterments	Remaining life or lease period of the related asset
Vehicles & Heavy Equipment	
\$3,000 to \$99,999	5 years
\$100,000 and above	7 years
Boats & Vessels	
\$10,000 to \$99,999	5 years
\$100,000 and above	10 years
Leased Equipment	3 years
Computer Hardware	
\$3,000 to \$99,999	3 years
\$100,000 and above	7 years

All laptops and desktop computers are capitalized

Government of Bermuda – Consolidated Fund
Notes to the Financial Statements
March 31, 2011

3. Summary of Significant Accounting Policies (cont'd)

Computer Software	
\$20,000 and above	10 years
Furniture & Fixtures	
\$3,000 and above	7 years
Office Equipment	
\$3,000 and above	5 years
Plant, Machinery & Equipment	
\$50,000 and above	10 – 30 years
Infrastructure	
\$50,000 to \$199,999	10 years
\$200,000 and above	40 years

* Dollar threshold are based on per unit values with the exception of Furniture and Fixtures.

The Ministry of Public Works is primarily responsible for Government's tangible capital assets. Amortization expense is reported under that Ministry. Since amortization is a non-cash expense, it is removed for appropriation reporting purposes.

Assets under construction relate to the development of buildings, betterments, vehicles, computer hardware, computer software, infrastructure, office equipment and vessels. Upon completion, the balance of assets under construction will be transferred to tangible capital assets and amortized based on the appropriate useful life.

Inventories for consumption are comprised of spare parts and supplies that are held for future program delivery and are not intended for resale. They are valued at cost. Inventories for consumption that no longer have service potential are valued at the lower of cost or net realizable value. Items for which the costs are not readily available have been valued using management's best estimates of original cost based on available information.

(g) Liabilities

Liabilities are recorded for financial obligations to organizations and individuals occurring as a result of transactions and events arising on or before the year-end. They occur as a result of contracts, agreements and legislation in force at year-end that require the Government to repay borrowings or to pay for goods and services acquired or provided on or before the year-end. Liabilities also include grant payments due where no direct value is received in return.

3. Summary of Significant Accounting Policies (cont'd)

(h) Translation of Foreign Currencies

The financial statements are reported in Bermuda dollars. The Bermuda dollar is valued at par with the United States dollar. Assets and liabilities denominated in foreign currencies are translated at the exchange rate prevailing at the year-end date. Revenues and expenses originating in foreign currencies are translated at the exchange rate in effect on the date the specific transactions occurred. Translation gains and losses are included in the Statement of Operations and Accumulated Deficit.

(i) Measurement Uncertainty

Estimates are used to accrue revenues and expenses in circumstances where the actual accrued revenues and expenses are unknown at the time the financial statements are prepared. Uncertainty in the determination of the amount at which an item is recognized in the financial statements is known as measurement uncertainty. Such uncertainty exists when there is a variance between the recognized amount and another reasonable amount, as there is whenever estimates are used.

Measurement uncertainty in these financial statements exists in the accrual of individual and corporate payroll and land taxes, accruals for pension obligations, accruals for environmental obligations, allowances for doubtful receivables and accruals for liabilities through actuarial valuations.

The nature of the uncertainty related to the accruals for pension obligations arise because actual results may differ significantly from the Government's best estimates of expected results based on variables such as earnings on the pension investments, salary increases and the life expectancy of the participants. The uncertainty related to the accrual of environmental obligations is based upon the identification of all sites where environmental damages have occurred that are the Government's responsibilities to mitigate and the quantification of what the actual liability will be based upon impact studies. Uncertainty concerning the allowance for doubtful revenue is based upon actual collectability and changes in economic conditions.

While management's best estimates have been used for reporting items subject to measurement uncertainty, it is possible that changes in future condition in the near term could require a material change in the valuation of the reported amounts. Near term is defined as a period of time not to exceed one year from the date of the financial statements.

4. Approved Estimates of the Government of Bermuda

(a) Budget Process

Annually, the Government presents a Budget ("Estimates") of expected revenues and expenditures for the following fiscal year.

4. Approved Estimates of the Government of Bermuda (cont'd)

The Government's spending Estimates for the fiscal year commencing April 1, 2010 were presented to the Members of the Legislature by the Minister of Finance.

The Estimates outline the spending plans of each Ministry/Department submitted for approval to the Legislature in the Appropriations Act.

The Estimates referred to in the financial statement schedules are from the original Approved Estimates of Revenue and Expenditure for the fiscal year 2010/11 and do not reflect changes arising from the tabling of Supplementary Estimates, except for the Adjusted Estimates referred to in Schedule 15 which include the original Approved Estimates and any tabled Supplementary Estimates.

(b) Comparison of Expenses to Estimates for Expenditure

The Ministry of Finance prepares annual Estimates on the modified cash basis. These financial statements are prepared on an accrual basis. Due to the difference in accounting, Schedule 15 restates actual expenses to the modified cash basis for comparative and analytical purposes against the adjusted estimates. The most significant differences are as follows:

- (i) Bad Debts – For financial statements purposes, a provision is established and expensed for accounts receivable where collection is doubtful. For budget purposes, no such provision is made.
- (ii) Pension – The financial statement pension-related expense is explained in Note 9. For budget purposes, pension expense is equal to its funding requirements.
- (iii) Government Borrowing Sinking Fund (Note 5) – Transfers to the Sinking Fund are recorded as cash transfers. For budget purposes, the Sinking Fund contribution is considered expenditure.
- (iv) Compensated Absences – Certain Government employees are entitled to paid retirement leave, as explained in Note 8. For budget purposes, retirement pay is estimated based on anticipated salary spending for the current year.

5. Government Borrowing Sinking Fund

Effective March 31, 1993, the Government Borrowing Sinking Fund ("GBSF") was established as a separate legal entity for the repayment of government borrowing under the provisions of the Government Loans Act 1978, as amended.

During each financial year, the Fund must pay to the GBSF 2.5% of the public debt outstanding in the Fund at the end of the preceding year. Under section 12AA of the Government Loans Act 1978 as amended, the Minister may, by Order, suspend the annual contribution for a period of twelve months.

5. Government Borrowing Sinking Fund (cont'd)

The GBSF assets may only be applied to reduce, cancel or pay interest on public debt. The assets are invested in accordance with the Public Funds Act 1954 and are shown as a reduction of debt issued on the Fund's Statement of Financial Position.

The following is a schedule of projected contributions to the GBSF by the Fund up to March 31, 2016, based on estimated debt levels to March 31, 2012:

	2011
	\$
2012	25,750,000
2013	30,750,000
2014	30,750,000
2015	30,750,000
2016	30,750,000

Separate audited financial statements are prepared for the GBSF to which readers should refer for further information.

6. Contingencies Fund

On March 14, 1979 the House of Assembly passed a resolution to withdraw \$1 million from the Fund to set up a Contingencies Fund under the provisions of Section 10(1) of the Public Treasury (Administration and Payments) Act 1969, as amended.

The purpose of the Contingencies Fund is to allow the Minister of Finance to authorize urgent and unforeseen expenditures up to \$1 million prior to the approval of the Legislature by supplementary estimate. The Contingencies Fund balance is not segregated from general operating cash and cash equivalents and accumulated deficit.

7. Unemployment Insurance Fund

The Unemployment Insurance Fund ("Insurance Fund") was established March 18, 2002 by amendment to the Public Treasury (Administration and Payments) Act 1969 under the provisions of Section 10B. The Legislature authorized \$1 million to be set aside within the Fund to set up the Insurance Fund.

Government of Bermuda – Consolidated Fund
Notes to the Financial Statements
March 31, 2011

7. Unemployment Insurance Fund (cont'd)

The Minister of Finance will pay amounts approved by the Legislature as Government's contribution to the Insurance Fund. Monies paid into the Insurance Fund will be invested in accordance with the Public Funds Act 1954 and the interest earned on such investments will be paid into the Insurance Fund. At the time it was anticipated that an unemployment insurance scheme would be established to make periodic payments to unemployed persons.

8. Compensated Absences

Certain Government employees are entitled to paid retirement leave under the various union agreements that exist with the Government. Paid retirement leave is available to those eligible employees with a minimum of ten years credited service, who are retiring on the basis of age. The leave is paid at the salary level immediately preceding the date of retirement, to a maximum eligibility of twelve weeks.

An actuarial valuation of the Government's obligation for retirement leave was extrapolated to March 31, 2011, using similar various long-term assumptions as the Public Service Superannuation Fund pension plan (Note 9). The valuation determined that the accrued benefit obligation for retirement leave is currently \$21,995,987 (2010-\$21,336,602), as defined in the table below.

	2011	2010
	\$	\$
Accrued benefit obligation, beginning of year	21,336,602	19,586,264
Amortization of experience loss	60,754	80,974
Current period benefit cost	1,148,450	1,011,619
Interest accrued	1,397,769	1,341,654
Benefit payments	<u>(1,947,588)</u>	<u>(683,909)</u>
Accrued benefit obligation, end of year	<u>21,995,987</u>	<u>21,336,602</u>

9. Pensions and Other Retirement Benefits

(a) Contributory Defined Benefit Pension Plans

The Government administers contributory defined benefit pension plans for substantially all of its employees, quasi-autonomous non-governmental organization ("QUANGO") employees and all ministers and members of the Legislature. There are two plans currently in operation – the Public Service Superannuation Fund ("PSSF") and the Ministers and Members of the Legislature Pensions Fund ("MMLPF").

9. Pensions and Other Retirement Benefits (cont'd)

For the PSSF, a service pension is available with a minimum of eight years credited service. Subject to exceptions as outlined in the Public Service Superannuation Act 1981, it is based on the number of years of service times 1.5% of the salary payable immediately preceding the date of retirement. Additional benefits are provided to special groups such as police, prison wardens, fire service and regiment employees.

For the MMLPF, a service pension is generally available to contributors who have reached age 60 and have served for at least 8 years, or to contributors who have reached age 55 and have served for at least 20 years. The rate of pension is $\frac{3}{1000}$ th of the monthly salary payable to a minister, member or officer, on the date on which the contributor becomes entitled to receive a pension, for each month of service rendered up to a maximum of 25 years. Cost of living increases are calculated by reference to the Consumer Price Index on a biennial basis.

Employees contribute 8.0% of their basic salary for PSSF and Ministers and Members contribute 12.5% of their salary for MMLPF. The Government matches the participant's contribution in each plan. The amount of Government contributions made during the year for each plan was as follows: PSSF - \$32,588,714 (2010 - \$31,576,054), MMLPF - \$485,071 (2010 - \$454,038). The Public Service Superannuation Act 1981 and the Ministers and Members of the Legislature (Salaries and Pensions) Act 1981, as amended, provide that, if at any time the funds are insufficient to meet the payments chargeable against them, the deficiency shall be made up out of the Consolidated Fund.

(b) Pension Liability

Normally, the pension liability is calculated on an actuarial basis. Actuarial valuations are performed triennially using the projected benefit method, pro-rated on services. For the prior fiscal year end March 31, 2010, an actuarial valuation was performed on both the PSSF and the MMLPF as at March 31, 2008. The results were then extrapolated to March 31, 2010 using the same assumptions, to produce the estimates included in the financial statements. For the fiscal year end March 31, 2011, an actuarial valuation was performed on both the PSSF and the MMLPF as at March 31, 2010, the results were then extrapolated to March 31, 2011, using the same assumptions, to produce estimates in these financial statements. The difference between the extrapolation as at March 31, 2010 and the actuarial valuation as at March 31, 2010 has resulted in a valuation adjustment in the Accrued Benefit Obligation as at March 31, 2010 (Note 9(g)). This adjustment reflects a change in accounting estimate which will be reflected in the current year as per Public Sector Accounting Standard PS 2120.28.

Actuarial valuations are based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases, employee turnover and mortality. The assumptions used reflect Government's best estimates of expected long-term rates and short-term forecasts.

The most significant assumptions are that the average investment return will be greater than the average rate of salary increase by approximately 2.25% (prior valuation – 2.25%) and the cost of living increase will average 3.0% (prior valuation - 3.0%) per annum.

Government of Bermuda – Consolidated Fund
Notes to the Financial Statements
March 31, 2011

9. Pensions and Other Retirement Benefits (cont'd)

The 1994 Group Annuity Mortality Table was used for the mortality assumption.

For the PSSF, pension fund assets consist primarily of listed stocks and bonds, short-term investment funds, hedge funds and private equity investments. Market-related asset values, which recognize the differences between the actual return on assets and the expected return on assets over a period of five years, have been used to determine the pension liability and pension-related expenses for the PSSF.

The market-related value of assets for the PSSF was \$468,985,435 as at March 31, 2011 (2010 - \$437,542,000) compared to a real market value of \$486,693,676 (2010 - \$424,814,565).

For the MMLPF, there is no difference between the market value of plan assets and the market-related value. As at March 31, 2011, the value was \$10,200,192 (2010 - \$9,332,612). The actual return on plan assets during the year was 14.67% (2010 - 31%) for the PSSF and 7.25% (2010 - 7.0%) for the MMLPF.

As at March 31, 2011, \$4,366,587 was due to the PSSF in respect of contributions received in excess of benefits paid by the Fund (2010 - \$ 2,797,004).

(c) Pension-Related Expenses

Pension-related expenses recognized by the Consolidated Fund comprise the cost of pension benefits earned by employees during the year, interest on the pension benefit liability (net of interest on pension plan assets) and amortization of the Government's share of any experience gains or losses, less contributions made by the employees. The estimated total cost of the Government's share of plan amendments related to past service is expensed in the year the plan is amended. The pension-related expense is disclosed in Note 9(g) and included in Schedule 9 as a component of retirement benefit expenses.

A net unamortized experience loss of \$146,266,000 (2010 - \$159,693,000) is reported in the schedule below. The amount comprises a total unamortized experience loss on the pension liability of \$130,183,000 (2010 - \$140,410,000) and a total unamortized experience loss on the asset valuation of \$16,083,000 (2010 - \$19,283,000). The period of amortization is ten years.

Aggregate information about the PSSF and MMLPF is in the following tables.

(e) Contributory Pension Fund

The Contributory Pension Fund ("CPF") was established under the Contributory Pensions Act 1970 and subsequent amendments.

The purpose of the CPF is to provide old age pension, disability and death benefits for persons satisfying certain contribution, citizenship and residency requirements.

Contributions to the CPF are compulsory for persons employed in Bermuda, the self-employed and employers.

There is no legislative provision for the Fund to provide for any shortfall if, at any time, the CPF has insufficient funds to meet its current legislated obligations.

Government of Bermuda – Consolidated Fund
Notes to the Financial Statements
March 31, 2011

9. Pensions and Other Retirement Benefits (cont'd)

(f) Retirement Benefits Other than Pensions – Employee Health Insurance Plan

An actuarial calculation of the Government's obligations for retirement benefits other than pensions was performed for accounting purposes at March 31, 2011, using various long-term assumptions, based on the valuation performed as at March 31, 2010. The previous valuation was performed as at March 31, 2008.

The Government administers a health care plan, the Government Employees Health Insurance Fund ("GEHI"), for substantially all of its employees, QUANGO employees, all ministers and members of the Legislature and retirees. The GEHI Fund provides medical insurance for retirees and eligible dependents with the Government matching the participant's contribution to the plan. In 2002 the Government adopted accrual accounting for the GEHI plan.

The discount rate used in determining the accumulated post-retirement benefit obligation was 6.5%. The assumed health-care cost trend rate used was 9.0% (2010 - 8.5%). This will be reducing by 0.5% per annum to 5.0% (2019) per annum. The 1994 Group Annuity Mortality Table was used for the mortality assumption. The value accrues a liability in respect of the matching premium paid by government under the insurance arrangement in respect of retired employees. The calculation is based on the projected benefit method pro-rated on service.

Aggregate information about the health care plan is in the table below.

	2011	2010
	\$	\$
Accrued benefit obligation at beginning of year	266,040,563	245,996,783

10. Contingent Liabilities

(a) Guarantees

(i) National Education Guarantee Scheme

In August 1994, the Government introduced the National Education Guarantee Scheme to provide qualifying students with financial guarantees on bank loans for post-secondary education. The repayment of principal and accrued interest is guaranteed by the Government. In the event of default by the student, the banks will call on the guarantee contract. At March 31, 2011, \$356,895 (2010 - \$542,367) is outstanding on guaranteed student loans with local banks.

(ii) West End Development Corporation Guarantee (“WEDCO”)

On April 1, 2009, the Minister of Finance consented to the borrowing of \$10 million by WEDCO from the Capital G Bank to facilitate the completion of the new Sewage Treatment Plant at Dockyard.

The Minister of Finance further approved the guarantee given by the Ministry of Public Works to repay the indebtedness by way of annual payments to WEDCO until all indebtedness to the Capital G Bank has been fully discharged.

The Ministry of Public Works further guarantees and will make good any default on the part of WEDCO in the payment of the loan to Capital G Bank and all related interest fees and charges due as a result of default by WEDCO until all indebtedness to the Capital G Bank has been fully discharged.

(iii) Bank of N.T. Butterfield Guarantee Agreement

On June 12, 2009, the Government assisted The Bank of N.T. Butterfield & Son Limited (“BNTB”) in raising qualifying Tier 1 capital via a perpetual preference share offering of US\$200 million.

Accordingly the Government provided the commitment that if the full \$200 million Preference Share Offering was not achieved on or prior to June 30, 2009, the Government would purchase no later than June 30, 2009 such number of Preference Shares as was sufficient to ensure that the Bank realized aggregate proceeds equal to and not less than US\$200 million. As the offering was fully subscribed, no such Government purchase was necessary.

On June 22, 2009, the Government entered into a Preference Shares Guarantee Agreement with the BNTB and others. The Government has guaranteed payment of 100% of the liquidation value of the outstanding Preferred Shares in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of BNTB during the term of the Guarantee. Also, the Government will act as a guarantor for the dividend payments relating to the Preferred Shares issuance. Should the BNTB fail to declare and pay dividends in any quarterly dividend

10. Contingent Liabilities (cont'd)

period during the term of the Guarantee, the Government will pay such dividends at 8% per annum.

Pursuant to the Preference Share Offering, the BNTB pays to the Government a fee of 1% per annum on the liquidation value of then outstanding Preference Shares issued to third party investors. The Government was in receipt of 4,279,601 warrants issued by the Bank to purchase a number of non-voting common shares of BNTB having an aggregate market price equal to US\$30 million. The initial exercise price for the warrants and the price for determining the number of common shares of BNTB subject to the warrants was \$7.01 per common share. The quantity of warrants remained at 4,150,773.72 with an exercise price of \$3.614. Per the valuation model run for March 31, 2011, the value of the warrants is \$0.157 (2010 - \$0.209) per warrant which represents a total value of \$651,671 (2010 - \$867,512).

(iv) Bermuda Hospitals Board Guarantee (“BHB”)

On December 1, 2010, the Minister of Finance provided an irrevocable Guarantee Agreement to Paget Health Services Limited on behalf of the BHB to facilitate the completion of the New Hospital Project (“NHP”) of the King Edward VII Memorial Hospital in Paget.

The design and construction related costs of the new facility are approximately \$247 million. Once construction is completed in 2014, annual service payments will commence for a period of thirty years, consisting of principal, interest, construction, lifecycle and hard facilities maintenance. A portion of the annual service payment is indexed over the thirty year period to allow for changes in the cost of living and other related facility costs.

The Guarantee Agreement guarantees the payment obligations of the BHB to Paget Health Services Limited by the Government as required by the lenders.

(b) Claims and Potential Claims

The Government is subject to claims and potential claims related to breach of contract, damages to persons and property and like items. The effect of legal claims cannot be determined until they are settled or dismissed. No liability has been admitted and no provision for claims is included in the financial statements. Any resulting losses will be recorded and charged to operations in the year an amount can reasonably be determined.

The total of specific amounts claimed or potential settlements which are under litigation or possible litigation as at March 31, 2011 is \$12,502,395 (2010 - \$11,020,168).

10. Contingent Liabilities (cont'd)

(c) Base Lands Clean Up

The Government recognizes that there will be a cost for restoration of the land at the bases formerly occupied by the US military. It is anticipated that such costs would include removal of hazardous materials and clean-up.

A liability of \$26,250,000 has been accrued, which is an estimate of the costs of the clean-up and remediation at the three former major base land sites. The estimated range is \$32 million to \$40 million, which includes an approximate 20% contingency of the total.

The cost for Southside (estimated at \$10.5 million, with a range of \$10.5 million to \$20 million; \$6.5 million for work already performed has been deducted from the lower end of the estimated range) involves demolition of buildings beyond refurbishment and removal of asbestos. The cost for clean-up of Tudor Hill (estimated at \$1 million with a range of \$1 million to \$2 million) is for removal of asbestos and demolition of buildings on the site.

Clean-up of Morgan's Point is estimated at \$14.75 million (with a range of \$15 million to \$18 million); \$3 million of that amount is the estimated amount required to remove immediate environmental hazards and the remainder is for removal of fuel storage tanks, removal and remediation of asbestos as well as demolition of derelict buildings.

This estimate was developed in 2003, based on orders of cost which were developed from unit rates used for clean-up at Southside and budget estimates from consultants hired by potential developers at the Morgan's Point site. In 2008, the Government also hired a registered professional engineer to conduct an independent review and provide an estimate to compare to the prior estimate which fell within the original range.

A request for proposal was issued in July 2009 with proposed cleanup standards. The registered professional engineer independently estimated that if this proposal was to be contracted, it would cost the Government \$14 million to \$25 million in addition to the amounts already accrued.

In September 2010, the Government signed the Morgan's Point Exchange Agreement with Southlands Limited and Morgan's Point Limited. The agreement calls for the exchange of 12.454 hectares of land owned by Southlands Ltd. located in Warwick for 66.82 acres of freehold land at Morgan's Point in Southampton. Furthermore, the agreement provides Morgan's Point Limited, as the Developer, to develop an additional 128.46 acres of Leasehold property at Morgan's Point as further detailed in the Morgan's Point Land Development Agreement also signed in September 2010 amongst the same parties.

Article 6 of the Morgan's Point Exchange Agreement states the Bermuda Government is still responsible for the remediation of the Morgan's Point property to a standard deemed reasonably acceptable to the Developer.

As no terms have been agreed on the remediation of the land and the proposal has not been contracted, the accrual has not been adjusted.

10. Contingent Liabilities (cont'd)

(d) Hotel Payroll Tax Relief

On February 21, 2009, the Government entered into a Memorandum of Understanding (“MoU”) with the Bermuda Hotel Association to provide exemptions for applicable hotels from the payment of payroll tax. The assessment of the exemption was to be done quarterly and, if applicable, would allow for the full exemption of the quarterly payroll tax.

The Hotel Concessions Act 2000 allows for the deferral of payroll tax for hotels which undergo development deemed to be in the national interest of Bermuda as if it is determinable that the development will, among other considerations:

- benefit the tourism industry and the economy;
- create employment and entrepreneurial opportunities for Bermudians;
- encourage local development, or;
- employ and train Bermudians.

The concessions are granted at the discretion of the Minister of Finance for those hotels that apply for the concessions. The Hotel Concessions Act 2000 permits an exemption, either in part or in full, of the payroll tax not exceeding five years from the hotel’s opening date.

The concession afforded to the Hotels is non-refundable and in instances where the payroll tax is deemed null and void due to the MoU, the concession remains as a contra-revenue amount to be applied against any future payroll tax incurred by those hotels.

The Government is obligated to recognize the effect of the concessions when payroll tax is actually incurred unless they are dismissed by the Minister of Finance. No liability has been admitted and no provision for collectibility is included in the financial statements. Any resulting losses of payroll tax will be recorded and charged to operations in the year the payroll tax is effective.

The total of the concessions that could be applied against any future payroll tax incurred by the applicable hotels as at March 31, 2011 is \$1,201,500.

(e) Air Service Agreements

(i) WestJet

On June 1, 2010, the Government (“Guarantor”) entered into a Revenue Guaranty Agreement with WestJet. In consideration of the revenue guaranty provided by the Guarantor, WestJet agrees to operate three (3) times weekly service between Toronto and Bermuda for the period November 1, 2010 to April 30, 2011 (“Guaranty Period”).

The Government has guaranteed that WestJet will receive the minimum 10% operating margin for the scheduled service during the Guaranty Period. Upon the completion of the Guaranty Period, WestJet shall calculate the fully allocated

10. Contingent Liabilities (cont'd)

profit margin consistent with the reporting process historically utilized by WestJet in determining route profitability (the "Profit Margin"). Additionally, WestJet shall deliver an operational report summarizing route specific traffic statistics, revenues, fully operating costs, profit margins, and funds required to achieve 10% profit margin to Guarantor (the "Report"). If the Profit Margin exceeds 10% during the Guaranty Period, no payment is due to WestJet. If the Profit Margin fails to reach 10% in the Guaranty Period, the Government shall pay to WestJet the difference between the actual Profit Margin and the amount of additional earnings that would hence result in a 10% Profit Margin within thirty (30) days of receipt of the Report to a maximum of \$1,450,000 USD.

The Government has established and delivered to WestJet an irrevocable Letter of Credit ("LOC") which came into effect April 14, 2010 issued by Bank of Bermuda, HSBC ("HSBC") in the amount of US\$500,000.

(ii) American Airlines Inc.

On November 18, 2010, the Government ("Guarantor") entered into an Air Service Agreement with American Airlines Inc. In consideration of the Air Service Agreement provided by the Government, American Airlines shall provide regular scheduled passenger Air Service between Miami International Airport and Bermuda International Airport in both directions effective November 18, 2010 through November 17, 2011. The Government has guaranteed payment to American of any revenue shortfall during the Air Service Period, if the Total Revenue as defined in the contract, from the provision of the Air Service is less than the Minimum Revenue Requirement as set forth in the contract.

In consideration of the Air Service provided by American Airlines, the Government has established and delivered an irrevocable LOC issued by HSBC in the amount of US\$1,500,000 which came into effect February 25, 2010.

11. Non-Contractual Operational Commitments

The Government has ongoing commitments to fund a variety of programs for public welfare including health, education, social services, protection of persons and properties, and management of natural resources. The following is an analysis of the future, non-contractual, operational commitments:

	2011
	\$
2012	117,358,918
2013	5,895,216
2014	5,313,146
2015	300,000
2016	1,830,000
2017 and subsequent	-
Total Future Operational Commitments	<u>130,697,280</u>

12. Contractual Commitments

(a) Capital Leases

The average period of capitalized leased office machines is 3 years. Leases are capitalized based on the discounted rate of 6.04% and amortized on a straight-line basis over the period of the lease.

The following is an analysis of the leases:

	2011	2010
	\$	\$
Present value of lease cost	4,351,940	4,250,453
Less: Accumulated amortization	<u>(3,560,100)</u>	<u>(3,098,887)</u>
Present value of leases payable	<u>791,840</u>	<u>1,151,566</u>

Government of Bermuda – Consolidated Fund
Notes to the Financial Statements
March 31, 2011

12. Contractual Commitments (cont'd)

The following is a schedule of discounted future minimum lease payments under leases expiring up to March 31, 2015:

	2011
	\$
2012	356,170
2013	195,836
2014	115,130
2015	63,877
Add: Discounted Amount	<u>60,827</u>
Present value of lease obligation	<u><u>791,840</u></u>

(b) Contractual Obligations

The nature of government activity results in some large multi-year contracts and agreements of various sizes and importance. Any financial obligations resulting from these are recorded as a liability when the terms of these contracts and agreements for the acquisition of goods and services or the provision of transfer payments are met.

The following is an analysis of estimated future expenditures related to these contractual obligations:

	2011
	\$
2012	40,862,033
2013	7,169,407
2014	4,352,977

2016	5,009,082
2017 and subsequent	<u>-</u>
Total Contractual Obligations	<u><u>61,016,058</u></u>

12. Contractual Commitments (cont'd)

(c) Operating Leases

The Government rents premises under operating leases which expire at certain dates.

The following is an analysis of the future minimum operating lease payments:

	2011
	\$
2012	8,883,736
2013	6,083,146
2014	4,789,630
2015	4,058,841
2016	3,703,717
2017 and subsequent	<u>23,497,034</u>
Total Future Minimum Operating Lease Payments	<u><u>51,016,104</u></u>

13. Supplementary Estimates and Virements (Transfers)

Section 96(3) of the Bermuda Constitution Order 1968 allows for Supplementary Estimates in respect of any fiscal year it is found that (a) the amount appropriated by the appropriation law for any purpose is insufficient or that a need has arisen for expenditure for a purpose for which no amount has been appropriated by that law; or (b) moneys have been expended for any purpose in excess of the amount appropriated for that purpose by the appropriation law or for a purpose to which no amount has been appropriated by that law, a supplementary estimate, showing the sum required or spent, shall be laid before the House of Assembly. Section 96(4) of the Bermuda Constitution Order 1968 requires that a Supplementary Appropriation Bill be introduced into the Legislature as soon as practical after year end of the year that supplementary estimates have been necessary.

The Public Treasury (Administration and Payments) Amendment Act 2004 allows a Permanent Secretary or a Head of Department to transfer a part of a Department's approved budget to another Department within the same Ministry, subject to the consent of the Minister of Finance. Virements do not increase the overall appropriation amount but facilitate the redeployment of approved budget resources after the start of a financial year.

13. Supplementary Estimates and Virements (Transfers) (cont'd)

Final Supplementary Estimates for the periods 2003-2010 were approved in the House of Assembly on March 28, 2011.

During the year \$49,969,000 (2010 - \$23,046,550) in Supplementary Estimates were approved and spent which consisted of \$49,969,000 (2010 - \$22,079,950) for current expenditure and \$0 (2010 - \$966,600) for capital expenditure.

During the year \$12,352,977 (2010 - \$50,613,528) in virements were approved and transferred which consisted of \$8,570,017 (2010 - \$15,452,114) for current expenditure and \$3,782,960 (2010 - \$35,161,414) for capital expenditure.

Additional expenditures of \$23,517,956 (2010 - \$22,758,422) were incurred in excess of amounts appropriated by the Ministry and will require final approval, which consisted of \$22,634,452 (2010 - \$22,369,306) for current expenditure and \$883,504 (2010 - \$389,116) for capital expenditure.

Additional virements of \$30,086,119 (2010 - \$22,587,344) require final approval and transfer, which consisted of \$23,111,814 (2010 - \$13,408,617) for current expenditure and \$6,974,305 (2010 - \$9,178,727) for capital expenditure.

14. Related Party Transactions

(a) Funds

The Fund is related to the GEHI Fund, the Contributory Pension Fund ("CPF"), the MMLPF, the Bermuda Department of Tourism North America Retirement Plan ("BDTRP"), the PSSF, the Confiscated Assets Fund, the Government Borrowing Sinking Fund, the Health Insurance Fund, the Mutual Re-insurance Fund and the Government Reserves Fund.

The financial activities of these funds are reported separately in each fund's financial statements. The Fund provides accounting and certain administrative services to these funds. These transactions are in the normal course of operations and are measured at the appropriate exchange amount. The other activities represent the net position of contributions payable to the funds and expenses paid out of the Fund on behalf of the funds. Schedules 3 and 3(a) display details of unpaid balances due from and due to the funds which have arisen from normal operating activities. The rate of interest accruing on the balances is 7% per annum.

14. Related Party Transactions (cont'd)

(b) QUANGOs and Other Related Organizations

The Fund is related to certain quasi-autonomous non-governmental organizations (“QUANGOs”) and other government controlled organizations. QUANGOs are government businesses which have been established under their respective legislative incorporation acts. Other government-related organizations are organizations that are controlled by government either by the possession of shares or voting rights or by some other means.

The Fund enters into transactions with the QUANGOs and other related organizations in the normal course of business which are measured at the exchange amount, which is the amount of consideration established and agreed upon by the related parties.

Schedules 3 and 3(a) include details of balances due from and due to these entities which have arisen from normal operating activities. During the year, no interest was charged and/or incurred from or to the Fund and the various QUANGOs and other related organizations.

(i) Bermuda Monetary Authority (“BMA”)

In accordance with Section 8 (3) of the Bermuda Monetary Authority Act 1969, the BMA pays a portion of its net profit (historically 50%) to the Consolidated Fund of the Government.

The BMA did not report a net profit for the year ended December 31, 2010 thus no transfer was required to be made to the Consolidated Fund.

(ii) Bermuda Land Development Company Limited (“BLDC”)

On November 12, 1996 (date of inception), the Government purchased 2,500,000 common shares of BLDC. The shares are valued at par \$1 each and are held in trust by the Minister of Finance.

On November 12, 1996 (date of inception), the Government purchased 2,500,000 common shares of BLDC. The shares are valued at par \$1 each and are held in trust by the Minister of Public Works.

(c) Interdepartmental Transactions

Interdepartmental transactions are those transactions in which revenues and expenses are generated between Government departments and/or Ministries. These revenues and

14. Related Party Transactions (cont'd)

the related expenses should be eliminated from the Fund's figures. As per Note 3(d), interdepartmental revenues and expenses are not eliminated. However all interdepartmental revenues and expenses have been identified and are shown in Schedules 10(a) and 11(a), respectively.

15. Tangible Capital Asset Recognition

As disclosed in note 3(f), infrastructure has now been recognized in the financial statements as at April 1, 2008. The assets in these classes purchased prior to April 1, 2008 have been recognized at amortized value. The recognition of the amortized value of these capital assets has been offset by an adjustment to the accumulated deficit, as disclosed in the Statement of Operations and Accumulated Deficit, excluded from the purchase of assets in the Statement of Cash Flow, and included at gross values in Schedule 12.

16. Bank Overdraft

As at March 31, 2011 the Government has an overdraft facility agreement at the Bank of NT Butterfield ("BNTB") of \$40 million which expires on January 31, 2012.

As at March 31, 2011, the Government has an overdraft facility agreement at the Bank of Bermuda, HSBC ("HSBC") of \$20 million which expires on January 18, 2012. The daily charges applied to overdrawn balances is 1% above HSBC's base rate. Unauthorized overdraft balances are charged at 7.50% over the bank's base rate.

17. Restatement of Prior Period

(a) Correction of an Error

Section PS 3410 of the Public Sector Accounting Board Standards requires that a government transfer with stipulations should be recognized by a Government recipient as revenue in the period the transfer is authorized.

During the period October 2009 to March 2010, the Government transferred \$672,179 from the Confiscated Assets Fund to the Consolidated Fund in order to finance the ongoing assembly of the X-Ray equipment located at H.M. Customs. The transaction was recorded as an obligation to refund the Confiscated Assets Fund instead of as grant revenue. As a result of this correction, the prior year's obligation to the Confiscated Assets Fund has been decreased by \$672,179.

Government of Bermuda – Consolidated Fund
Notes to the Financial Statements
March 31, 2011

17. Restatement of Prior Period (cont'd)

The prior year's Due to Confiscated Assets Fund, Revenue, and Accumulated Deficit have been restated accordingly.

Due to Confiscated Assets Fund (Correction of an Error)

As previously stated (March 31, 2010)	\$2,445,699
As restated	\$1,773,520

Revenue (Correction of an Error)

As previously stated (March 31, 2010)	\$917,268,545
As restated	\$917,940,724

(b) Correction of an Error

In January 2006, the Government paid \$536,572 towards the acquisition and construction of ten Manufactured Homes from Clayton Waycross Homes in Georgia in the United States to assist the less fortunate in Bermuda. The cost of the homes was authorized to be reimbursed to the Consolidated Fund by the Government Reserves Fund in that year. The reimbursement was never recorded. As a result of this correction, the prior year's receivable from the Government Reserves Fund has been increased by \$536,672.

The prior year's Due from Government Reserves Fund and Accumulated Deficit have been restated accordingly.

Due from Government Reserve Fund (Correction of an Error)

As previously stated (March 31, 2010)	\$592,566
As restated	\$1,129,238

(c) Change in Accounting Principle

Section PS 3310 of the Public Sector Accounting Board Standards requires that the amount of a guaranteed loan that is expected to be repaid from future government assistance should be accounted for as a liability and an expense in the statement of operations in the period when a direct relationship can be established between the repayment of the loan and the government's funding to the borrower

The Government changed its accounting policy so as to accrue the liability of the loan guarantee for the loan for WEDCO (see Note 10 (a) (ii)) in the prior year end when the loan and the guarantee agreement were signed. As a result of this correction, the prior year's liabilities and expenses have been increased by \$10,368,422.

Government of Bermuda – Consolidated Fund
Notes to the Financial Statements
March 31, 2011

17. Restatement of Prior Period (cont'd)

The prior year's Liabilities, Expenses, Capital Development Expenses, and Accumulated Deficit have been restated accordingly.

Accounts Payable (Change in Accounting Principle)

As previously stated (March 31, 2010)	\$132,713,463
As restated	\$143,081,885

Current Expenses (Change in Accounting Principle)

As previously stated (March 31, 2010)	\$1,176,834,962
As restated	\$1,177,203,384

Capital Development Expenses (Change in Accounting Principle)

As previously stated (March 31, 2010)	\$97,864,942
As restated	\$107,864,942

Accumulated Deficit, End of Year

As previously stated (March 31, 2010)	\$1,018,901,707
As restated	\$1,028,061,278

18. Increase in Borrowing Limit

Effective April 1, 2010, the Government increased the legislated borrowing limit from \$1 billion to \$1.25 billion.

19. Increase in Borrowing

On July 13, 2010, the Government entered into a public bond offering in the international debt capital markets authorizing the issue and sale of \$500 million of 10-year, fixed rate bonds priced at par. The coupon and yield of the bonds are 5.603% per annum.

The bonds are due in July 2020 and interest is payable semi-annually. The proceeds of these bonds were used to repay the \$200 million bridge loan facility with HSBC and to fund capital expenditure programs.

Government of Bermuda – Consolidated Fund
Notes to the Financial Statements
March 31, 2011

20. Subsequent Events

(a) Unemployment Insurance Fund

In July 2011 the Government amended the Public Treasury (Administration and Payments) Act 1969 in order to make further provision for the Unemployment Insurance Fund. The Act has been amended to provide for payments out of the Fund to be made at the direction of the Minister of Finance for the purpose of assisting unemployed persons.

(b) Increase in Borrowing

On May 18, 2011, the Government entered into a Term Loan Agreement with BNTB loan facility of \$200 million. The purpose of the loan facility was to replace the existing overdraft facility and for financing capital projects. Interest charged on each loan was 4.95% per annum. The facility has been fully utilized as a result of the following draw downs:

<u>Tranche</u>	<u>Date</u>	<u>Amount</u>
A	May 27, 2011	\$70,000,000
B	June 27, 2011	\$50,000,000
C	August 16, 2011	\$50,000,000
D	September 26, 2011	<u>\$30,000,000</u>
	Total	<u>\$200,000,000</u>

(c) Overdraft Facilities

On December 29, 2011 the overdraft facility of \$20 million (see Note 16) with the HSBC was increased to \$50 million to expire on March 31, 2012 at which time it would revert back to \$20 million. The daily charges applied to overdrawn balances remained at 1% above HSBC's base rate.

On November 16, 2011 the Government signed a \$50 million overdraft facility with the BNTB which expires on March 31, 2012. The daily charge is 1.2% per annum above the Bank's Bermuda Dollar Base Rate.

21. Comparative Figures

Certain comparative figures have been restated and reclassified to conform to the current year's presentation.
