

Traveller's Quick Guide

PROTOCOLS FOR ALL TRAVELLERS

All travellers to Bermuda aged 10 and up are required to take a COVID-19 test no more than five days before arrival and complete an online Traveller Authorisation form. **As of June 6th, 2021, travellers will be required to take a COVID-19 test no more than three days in advance of travel.**

All travellers are required to take a COVID-19 test upon arrival and be tested on days 4, 8 and 14 of their trip. Day 0 is classified as the date you land on-island. A return home test is also arranged for visitors.

All tests are covered in the Traveller Authorisation fee, auto-scheduled for your convenience and confirmed by email.

Passengers who have been to Brazil, India or South Africa in the 14 days before arriving in Bermuda will be required to quarantine for 14 days once landed in Bermuda.

Protocols from MAY 5 - JUNE 5, 2021

Immunised travellers

- Must have received the required dose(s) of their vaccine plus two weeks since last dose*
- After arrival test, residents can sanctuary at home and visitors are invited to enjoy amenities at their accommodation property while awaiting lab result**
- After negative arrival test, no restrictions on movement***
- Must adhere to COVID-19 public health guidelines

** Children aged 17 and under are not required to be vaccinated and are not subject to quarantine, if the adults in their party are fully vaccinated.*

*** Contact property for details on permitted amenities available for your use*

**** Arrivals by midday typically have results in time for dinner; up to 24 hours in rare cases*

Non-immunised travellers

- Are required to wear a wristband
- Must quarantine at home or at their accommodation property until their negative day 4 test result is received*
- Restricted activities relaxed after negative day 4 test
- Must adhere to COVID-19 public health guidelines

** Contact property for details on permitted amenities available for your use*

Protocols from JUNE 6, 2021

Immunised travellers
