MESSAGE FROM THE *PREMIER*

Bermuda Day is a day that genuinely and uniquely belongs to the people of our beautiful island home. It is a day when we celebrate and immerse ourselves in the diverse culture and proud heritage to which we belong.

Every year, the Department of Culture selects a theme for Heritage Month and the Bermuda Day parade that captures the spirit of our island. This year, they have decided to draw from our people's natural energy and enthusiasm. The theme - **"Culture Equals Energy"** - perfectly sums up what it means to be Bermudians and the excitement that fills the atmosphere on Bermuda Day.

All of us will know what it feels like when we come together as a community to celebrate as one. Whether we are cheering on our athletes, proudly wearing our colours at Cup Match time, enjoying a codfish breakfast with loved ones, or how we cannot help but react with joy to the sound of the Gombey drums. There is an undeniable energy in all of us that is inherently Bermudian.

Today, on our day, the unique Bermudian energy will be at its peak— starting with the Sinclair Packwood Memorial cycle race and continuing as our Half-Marathon Derby runners pass through streets carrying on the proud tradition that has been integral to our celebrations for over a century.

The greatest concentration of this energy will be felt by those lining the Hamilton sidewalks for the parade and by our Gombey, Majorettes, Dance Troupes, and every parade participant who has worked so hard preparing for today.

Beyond the half-marathon, parade, and all of the incredible festivities we will enjoy today, I call on us all to harness this **"energy"** that unites us so that it transcends beyond this holiday occasion; I believe that there are no limits to what can be accomplished as an island and as Bermudian people when we are united.

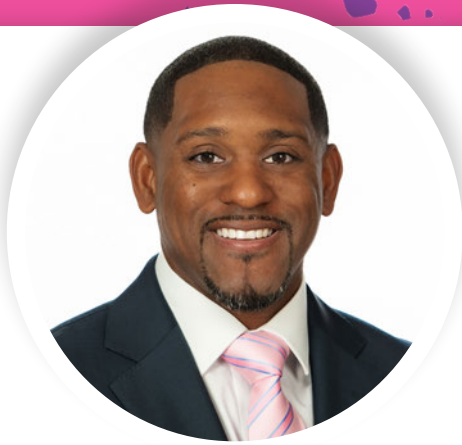

Let us commit to engaging with one another with renewed energy that honours our warm and vibrant culture of togetherness and honours our shared heritage and history. Today, and in the days that follow, let us show sincere support and love for one another as Bermudians.

I extend special thanks to the Minister of Tourism, Culture and Sport, Sen. the Hon. Owen K. Darrell, JP, and his dedicated team at the Department of Culture for their boundless efforts in organising this year's Heritage Month events. We know how much time, planning, and coordination go into ensuring its success and, most importantly, the genuine love and appreciation of our culture.

To each of you on this holiday, whether relaxing at home, spending the day at the beach, boating on the water, or with family and friends, I wish you all a memorable day. On behalf of the Government of Bermuda, Happy Bermuda Day!

MESSAGE FROM THE *MINISTER*

As we come together to celebrate Bermuda Day, the resonance of our 2024 Heritage Month Theme, 'Culture = Energy,' epitomises the pulsating essence of Bermuda!

Our culture is an ever-evolving tapestry, interwoven with our rich heritage and enlivened by contemporary nuances. It is a fusion of traditions cherished for generations and innovative expressions that invigorate our daily lives.

It is both an honour and a privilege to be Bermudian and Heritage Month is an opportunity to celebrate all that we are, our achievements, and what we have built together as a people.

Bermudians are renowned for our capacity to infuse every moment with boundless enthusiasm and cultural dynamism. This fervour brings the Bermuda Day festivities alive, from the exhilarating half-marathon derby to the vibrant parade procession. It is palpable in the laughter shared with family and friends as we enjoy the sights and sounds of the many dance groups, gombey troupes, floats, majorettes, music trucks and walking groups that the Bermuda Day Parade has to offer.

This year, I am particularly thrilled to partake in the festivities, cheering on the runners from Barnes' Corner and revelling in the new finish line at the heart of the city: Court Street. From the Flagpole to the lively ambiance of Court Street, from the communal spirit of Church Street to the festivities along Cedar Avenue, every corner of Bermuda resonates with the infectious energy of our people.

However you choose to celebrate Bermuda Day this year, I encourage you to embrace the energy that defines our collective spirit. Honour your heritage in a manner uniquely Bermudian, steeped in tradition and brimming with innovation.

I extend my warmest wishes to you and your loved ones for a wonderful Bermuda Day filled with fun, fellowship, and community spirit. This is my favourite holiday, and I thank everyone for bringing their positive energy to the day.

Happy Bermuda Day!

Sen. The Hon. Owen K. Darrell, JP
Minister of Tourism, Culture and Sport

MESSAGE FROM THE *LEADER OF THE OPPOSITION*

Bermuda Day—a favourite holiday for many locals and visitors alike. It's a time when residents gather to do what they do best...enjoy each other's company, put their differences and stresses to the side, and enter full holiday mode.

Whether it's on land or out on the water, Bermuda Day is one of the most treasured days of the year where we are one—a sentiment which should always resonate within us.

Why? Because being kind and friendly towards one another is in our DNA as Bermudians. It is our culture. Just as making our favourite meals, maintaining our family traditions and embracing our community.

Irrespective of our backgrounds, our culture is the lifeblood of this beautiful island we have the privilege to call home.

Bermuda Day is a day which literally penetrates our souls. From the dancing to the beats of the majorettes, marching with the Regiment Band and of course, the A-YO of the gombeyas...it's a great day for all of us to enjoy.

I implore that we keep these traditions alive so that we, as a community, can create memories which will last a lifetime. Let the activities which we love and affiliate with Bermuda Day continue for many years to come.

On behalf of the One Bermuda Alliance, I would like to wish you and your family a wonderful Bermuda Day. Whatever you do this year, enjoy it to the fullest with your loved ones. And most of all, have fun!

The Hon. Jarion C. Richardson, JP, MP
Leader of the Opposition
Shadow Minister of Economy and Labour

MESSAGE FROM THE *CULTURAL PROGRAMME MANAGER*

Warm holiday wishes to you on the 45th annual celebration of Bermuda Day.

This year's "Culture = Energy" theme was born out of the energy Bermudians had for Bermuda Day, despite torrential downpours in 2023. Truly, there was something magical about watching sparkly majorettes stomp through puddles on beat, dancers incorporating raindrops like choreography, floats both big and small pressing forward, tiny Gombey's using umbrellas as hatchets to rush 'em back, and the crowds on the street continuing to celebrate throughout. We cannot begin this year without thanking you all for last.

The Department of Culture received a message from the original organizer of the Bermuda Day Parade, Lowdru Robinson, who returned home last Bermuda Day and reflected that our celebrations had fulfilled his hopes that it would unite the community in pride of being Bermudian. The Pitt Report in 1978 gave recommendations to find an avenue to bring Bermuda in harmony to celebrate civic pride, and this Department has been working with the community to do so ever since. We are privileged to be able to work alongside so many talented, creative, and proud Bermudians to curate programming like the Bermuda Day Parade, when many across the globe are in situations unable to celebrate.

The Bermudian ability to generate endless cultural energy is why at a sports event, part of the excitement is in the spectators' fashions, and the intricacy of a camp set-up. When our athletes compete in sports internationally, the whole island stops and becomes heated experts at the rules, no matter how new to us. We are fiercely proud of our teams – whether that be Cup Match, football, or "Cunny" Games – and show the same level of enthusiasm when we see majorettes, dancers, and hear the rumble of the Gombey drums. No matter how heated the community banter grows over the best goal, the nicest dive off peak, the cleanest shank dank, there is a common dream we all share that imagines a Bermuda of possibilities, a land of endless opportunities to be better.

I grew up singing "Hail to Bermuda, my island in the sun", and the past year of inclement weather has shown that when it truly matters, Bermudians will bring their energy no matter the weather. And it is for this, I thank the parade participants for the time, money, and energy that they pour into practicing, sewing, designing, building, choreographing work that goes unseen, all for a brief moment of celebration in our streets. Culture continues to evolve, and how exciting that we get to be the ones that shape what our traditions mean!

Happy Bermuda Day to each of you – I wish you abundant inspiration, limitless national pride, and boasty vibes.

Cultural Programme Manager

THE ORIGINS OF *HERITAGE MONTH AND BERMUDA DAY*

Civil unrest in the 1960s and 1970s prompted the Bermuda Government to commission a report examining the social conditions in Bermuda and make recommendations to promote a more unified and peaceful social atmosphere. The Pitt Report of 1978 gave an accurate representation of the social and racially tense atmosphere at the time, and included feedback from many Bermudians that suggested an event should be organised to bring Bermudians together in harmony and to build a sense of civic pride.

It was decided that a parade would provide an opportunity for camaraderie and celebration, similar to the Easter Parade that ran from the 1930s through to the 1960s. During that time, many farmers grew flowers so that they could be in full bloom for the Easter period. It was also suggested in the Pitt Report that the proposed event capture the unifying spirit of the existing May 24 half-marathon. These events both served as inspiration for the Bermuda Day Heritage Parade which replaced Empire Day, the annual public holiday recognising Queen Victoria's birthday. The first Bermuda Day Parade took place in 1979. It was historically celebrated on May 24th or the weekday

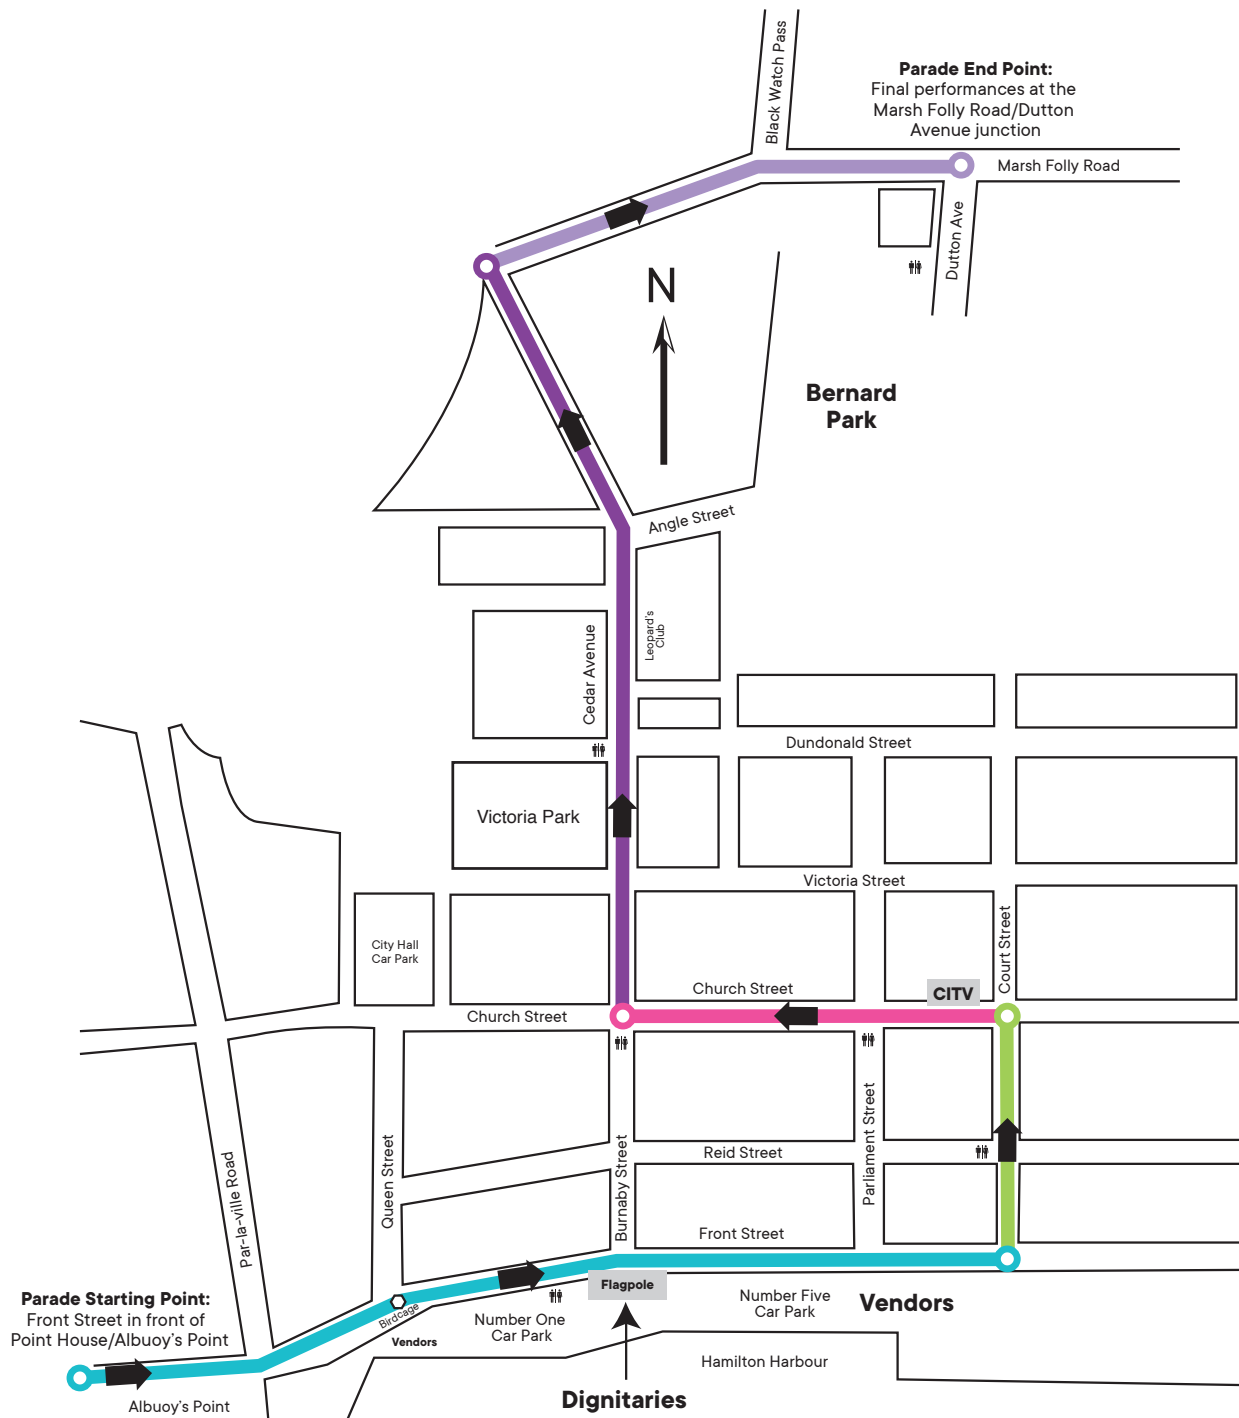

nearest May 24th if that date fell on a weekend, in 2018 adjusted to the last Friday in May, and in 2019 onward it will be on the fourth Friday in May. **The Bermuda Day Parade in 2024 is on Friday, May 24, 2024.**

Bermuda quickly realised that one day of celebration was not enough time to recognise the broad spectrum of Bermudian heritage and traditions. Heritage Week was born, celebrated in the last week in May. By the mid-1980's, this was expanded further into Heritage Month with a calendar full of events through May that celebrates Bermudian culture, heritage, and traditions.

Bermuda Day has become the culminating point of Heritage Month and one of the most beloved cultural holidays alongside Cup Match (Emancipation Day & Mary Prince Day). On Bermuda Day, Bermudians showcase their pride in the beauty and diverse culture of our island – whether they participate in the parade, the half-marathon, go for their first swim of the year, attend the season's first fitted dinghy boat races, or follow the Gombeyes through the streets crying, "Ay-oh!".
