Explanation of Asterisks
* Salary Review Board Recommended that the 10% Reduction in 2013 that only applied to Ministers of the Cabinet be reversed. Though that recommendation was stated on page 9 of their report, the cost of that recommendation was not reflected in the table on page 10 of their report.
** The Government accepted the Board's recommendation for members of the Legislature and for Speaker of the House. However, it did not support the Board's recommended 18.8% increase for the Premier alone, with no other adjustments for any other officers. Instead, the Government applied a 9.6% increase from 2009 salaries to all officers except for the increase to the Minister of Finance and the setting of the Government Whip salary to be equivalent to a Junior Minister.
